CLASS DESCRIPTIONS:

Basic Pilates

This class centers around floor work conducted on a mat using the body's own resistance. It is a series of exercises which are performed and designed to improve circulation, breathing, posture and body awareness. This class is good for all levels and beginners

Cardio Burn

High intensity combine with low intensity, interval training this class, combines intervals of high intensity, exercise switched up with periods of low intensity, active recovery, and fat blasting workout. This class has moderate and high intensity levels. Please let the instructor know if there are any limitations that would cause you not to participate in the class.

Cycle

Cycle offers a challenging ride of intervals to deliver a confidence boosting, yet satisfying cardio and strength workout.

Cycle & Strength with Klaudia

A challenging cycle class with incorporated upper body strength exercises while on the bike – a perfect cardio and strength workout!

Spin & Core with Todd

A dynamic work out that combines the cardiovascular benefits of indoor cycling with the strength and stability work of core training.

Restorative Yoga

This class focuses on restoring a healthy back and posture and getting rid of your aches and pains. A combination of yoga poses, incorporating healthy back and physical therapy exercises, as well as stretching with and without the use of props.

Total Body Strength

This class is a fun total body conditioning class using various props including but not limited to dumbbells, barbells, step boards, and others to create an endless variety of strengthening exercises. If you are bored with the weight machines, this is the class for you!

Yoga with Carol

Vinyasa flow aimed at strengthening and balancing the body, with mindful exploration of the healing powers of deep breathing.

Zumba

Zumba takes the “work” out of work out, by mixing low and high intensity moves for an interval style, calorie burning dance fitness party.
